

OLIVER MEDZINSKII

About:

I am a motivated student and a passionate problem solver with interests in maths, programming, finance and graphics. I work well in a team and have had a variety of experiences building my team-working skills. I'm interested in gaining practical experience at a prominent firm in the financial industry, as this is what I aspire to develop my career in. I am a keen sportsman, having won gold at the National judo competition in 2016 and 2017.

Experiences :
